The Honorable Nancy Pelosi
Minority Leader

Washington, D.C. 20515

Dear Senator Reid, Senator McConnell, Speaker Boehner, and Representative Pelosi:

The undersigned organizations are writing to ask you to repeal across-the-board budget cuts required by the Budget Control Act of 2011, called “sequestration.” According to the Congressional Budget Office (CBO), these cuts will cost 750,000 jobs this year and reduce economic growth by 0.6%. Similarly, sequestration cuts over the next decade will cost many more jobs and reduce economic growth even further.

There is a simple solution to make this problem go away: repeal the sequester provision of the Budget Control Act of 2011. It is that simple. Congress created the sequester and Congress can repeal it. Sequestration should be repealed, not replaced. Further fiscal austerity before the United States returns to full employment would only weaken the economy and cost jobs.

It is time to put these manufactured fiscal crises behind us and focus instead on the urgent business of putting America back to work, raising wages, and reducing inequality, which are the most important economic challenges facing America.

We urge you to act promptly to repeal sequestration.

Sincerely,
